Koppert also reported that the communications tower took a significant direct lightning strike on June 10, 2010 which caused some damage to the Atlantic Police Department's repeater. The strike also blew every lightning arrestor on the cabling from the radio building to the console, blew the main breaker in the courthouse that supplies power to the radio building and did some damage to various systems in the courthouse. The electromagnetic pulse from the strike also affected computers in the Methodist Church across the street. Finally, Koppert reported that he, Chairperson Dave Dunfee, and Cass County Emergency Management Coordinator Mike Kennon attended the Griswold City Council Meeting on June 24, 2010, as the Griswold City Council were discussing the Cass County Public Safety Commission at that meeting.
