TAC Rob Koppert gave his report and updated the Commission on the construction of a cabinet for the position 2 radios. TAC Koppert built the cabinet and spent only \$6.00 for formica countertop. The cabinet houses the radio console and provides a platform for the computer monitors. He also informed the Commission that he and EMA Coordinator Mike Kennon would be driving and GIS mapping the highways in Cass County to aid in locating people using mile markers for reference. Currently, the county does not have any such maps and there have been several times with they would have been beneficial.
