TAC Jennifer Erickson had nothing new to report.

In Old Business Commission member Miller had concern that changes were not made to the severe weather policy following email by County Attorney Dan Feistner advising of changes that needed to be made. TAC Erickson advised that changes were not made due to the fact that discussion needed to be done by the Public Safety Commission first. Miller/Livengood made motion to table further discussion on the severe weather policy until a meeting was set up by TAC, TAA, County Attorney and EMA Coordinator to iron out details of the new policy which are to be in final form and presented to the Commission for approval. Also a copy of the final proposal is to be emailed to all members.

In regards to emergency repair policy Miller advised to table further discussion until language was drawn up that will explain what role the public safety commission is to have when said emergency repairs are needed.

The next meeting was set for August 27, 2007 at 5:00 pm.

Rossell/Miller to adjourn meeting. Carried unanimously.

Respectfully Submitted
