

Cass County Iowa is looking for a strong hands-on IT Director to manage the day-to-day operation and long-term needs of the counties network.

Ability to support an organization with 24/7/365 needs both inside and outside office hours.

Coordinate with department managers on technology needs and budget requirements.

Strong interpersonal skills dealing with end users.

Experience with managing hypervisor-based environments.

Hands on experience supporting Microsoft cloud and on-premise solutions.

Ability to work with outside providers in coordinating patches, troubleshooting & server/network issues.

Experience with enterprise security solutions including Firewalls, Malware preventions, IDS, SEIM, end user training and validation of social engineering threats a plus.

Experience with in-vehicle and on person law enforcement technology is a plus.

Applications can be found on our website (<https://www.casscountya.gov/>) or in the Cass County Auditor's Office.

Please submit cover letter, resume and application to the Cass County Auditor's Office by 4:30 p.m. on October 6, 2021
